

Shoaib Ali Shahani

ID: 4510226449033 | **Work permit:** Pakistani | **Date of birth:** 02/10/2004 |

Place of birth: Village Allah Warayo Shahani Ghottki, Pakistan | **Nationality:** Pakistani | **Phone number:** (+92) 3153687109 (Mobile) | **Email address:** shahanis898@gmail.com |

Address: Govt Boys Hostel University of Sindh, Federal Hostel Room NO 95, 76080, Jamshoro, Pakistan (Work) |

Address: Village Allah Warayo Shahani, 65110, Ghotki, Pakistan (Home)

WORK EXPERIENCE

INFORMATION TECHNOLOGY COLLEGE GHOKTI – GHOTKI, PAKISTAN

LAB INCHARGE – 01/01/2021 – 04/2021

- * Maintain and ensure smooth operation of organizational computer systems.
- * Troubleshoot and resolve hardware/software issues.
- * Perform regular data backups to prevent data loss.
- * Provide user support and technical assistance.

PREMIER PUBLIC HIGH SCHOOL – GHOTKI, PAKISTAN

COMPUTER OPERATOR AND OTHER SUBJECT TEACHER – 02/08/2021 – 28/02/2022

- * Performed data entry, document management, and basic IT troubleshooting.
- * Assisted with computer operations and provided user support.
- * Taught subjects (Sindhi, Islamiyat, Urdu, etc.) following school curriculum.
- * Developed lesson plans, assessed students, and maintained classroom discipline.
- * Communicated progress and concerns with parents/guardians.

AL-RAHMAN PUBLIC HIGHER SECONDARY SCHOOL – GHOTKI, PAKISTAN

COMPUTER OPERATOR AND OTHER SUBJECT TEACHER – 01/03/2022 – 30/09/2022

- * Performed data entry, document management, and basic IT troubleshooting.
- * Assisted with computer operations and provided user support.
- * Taught subjects (Sindhi, Islamiyat, Urdu, etc.) following school curriculum.
- * Developed lesson plans, assessed students, and maintained classroom discipline.
- * Communicated progress and concerns with parents/guardians.

FUTURE GENERATION SCHOOL – KARACHI, PAKISTAN

TEACHER – 25/09/2022 – 17/02/2023

- * Taught curriculum-based lessons and created lesson plans.
- * Assessed student progress and maintained classroom discipline.
- * Communicated with parents and pursued professional development.

PROFESSOR DR. KAMRA TAJ PATHAN – JAMSHORO, PAKISTAN

INTERN – 01/09/2023 – 15/02/2024

- * Verified and validated datasets to ensure accuracy and reliability.
- * Identified and corrected data inconsistencies and errors.
- * Applied analytical skills and quality assurance methods to maintain data integrity.

* Communicated findings and resolved discrepancies with stakeholders.

● **EDUCATION AND TRAINING**

01/01/2023 – 31/12/2026 Jamshoro , Pakistan
BS (DATA SCIENCE) Uinversity Of Sindh

Website <https://usindh.edu.pk/> | **Field of study** Engineering, manufacturing and construction | **Level in EQF** EQF level 6

01/08/2020 – 31/05/2022 Ghotki , Pakistan
INTERMEDIATE Govt Higher Secondary School Khanpur Mahar

Level in EQF EQF level 4

01/04/2018 – 20/05/2020 Ghotki, Pakistan
MATRICULATION Govt High School Sajawal khan Dhandu

Level in EQF EQF level 4

01/07/2020 – 30/06/2021 Ghotki, Pakistan
DIPLOMA IN IT Information Technology College

Level in EQF EQF level 4

23/05/2023 – 22/08/2023 Jamshoro, Pakistan
ARTIFICIAL INTELLIGENCE (ROBOTICS) Department of Software Engineering University of sindh (NAVTTTC)

Level in EQF EQF level 3

● **LANGUAGE SKILLS**

Mother tongue(s): **SINDHI**
Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
URDU	C1	C2	B2	B2	C1
ENGLISH	B2	B2	B1	B1	B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● **SKILLS**

Digital Skills

Programming: Python (Pandas, NumPy, Scikit-learn), ****R Language**** | Data Analysis & Visualization: Power BI, Excel, Matplotlib | IoT Applications: ML/DL integration in healthcare & agriculture | Network Science: Network modeling, analysis, and applications | Databases & Systems: Database Systems, Computer Networking, Basic Troubleshooting | Machine Learning & AI: Deep Learning (CNNs, RNNs), Advanced ML models, AI Agents | Computer Vision: ****OpenCV****, Image Processing, Object Detection

Communication & Organizational Skills

Effective teamwork and collaboration in academic and project environments | Problem-solving and analytical thinking | Time management and task prioritisation

● **PROJECTS**

03/09/2024 – 20/09/2024
Chicago Crime Prediction Model (FIVERR)

Built a crime prediction model using machine learning, integrating it with the Google Earth API for interactive 3D visualizations.

Developed a search functionality to retrieve crime data by community area names and numbers, providing insights like total crimes, rates, and descriptions.re the description...

25/12/2024 – 16/01/2025

Blood Sugar Prediction System (Private)

Developed a system to predict blood sugar levels using IoT devices and machine learning algorithms. Integrated biometric inputs for real-time monitoring and prediction to enhance healthcare applications.

25/12/2024 – 16/01/2025

IoT-Based Agricultural Applications (Private)

Built an IoT application for seed counting and distance measurement, aimed at improving agricultural efficiency. Utilized IoT sensors and machine learning for real-time monitoring and decision-making.

25/12/2024 – 16/01/2025

Powdery Mildew Disease Detection (Private)

Created a machine learning model for **detecting Powdery Mildew on cotton leaves**, using a Kaggle plant disease dataset.

Working on developing a **mobile application** to run predictions on-device using a lightweight deployed model (TFLite/Hugging Face).

23/10/2025 – 20/11/2025

PhishingGuard - AI-Powered Cybersecurity Platform (Private)

Architected and deployed a production-ready cybersecurity platform using Django framework and scikit-learn ML libraries for automated phishing detection.

Trained Random Forest Classifier on dataset with 30 extracted URL features (SSL state, domain registration, IP presence, URL length, subdomain depth) achieving 99.2% accuracy.

CERTIFICATIONS

Google, 11/09/2025

Google Project Management (7-Course Professional Certificate)

Learned end-to-end project management including planning, budgeting, Agile, and stakeholder communication.

Mode of learning: Online

Google, 10/09/2025

Google AI Essentials (5-Course Specialization)

Learned essential AI concepts, practical AI tools, and responsible AI usage for modern workflows.

Mode of learning: Online

Google, 15/09/2025

Get Started with Python

Gained foundational Python skills including variables, loops, functions, and problem-solving.

Mode of learning: Online

Google, 14/09/2025

The Power of Statistics

Learned statistical concepts such as probability, distributions, sampling, and data interpretation.

Mode of learning: Online

Google, 11/09/2025

Decisions, Decisions: Dashboards and Reports

Developed skills in creating dashboards and reports for data-driven decision-making.

Mode of learning: Online

Google, 15/09/2025

Google Advanced Data Analytics Capstone

Completed a real-world analytics project applying advanced statistical and ML techniques.

Mode of learning: Online

Google, 11/09/2025

Accelerate Your Job Search with AI

Used AI tools to optimize resumes, job applications, and interview preparation.

Mode of learning: Online

Google, 14/09/2025

Go Beyond the Numbers: Translate Data into Insights

Developed the ability to interpret data, build visualizations, and generate actionable insights.

Mode of learning: Online

Google, 11/09/2025

The Bits and Bytes of Computer Networking

Learned networking fundamentals including protocols, IP addressing, and troubleshooting.

Mode of learning: Online

Google, 10/09/2025

Technical Support Fundamentals

Gained foundational IT support knowledge including hardware, OS, networking, and troubleshooting.

Mode of learning: Online

Google, 02/09/2025

Crash Course on Python

Built core Python skills focused on automation, scripting, and real-life problem solving.

Mode of learning: Online

Google, 10/09/2025

Stay Ahead of the AI Curve

Explored emerging AI trends, tools, and practical applications to stay competitive in the field.

Mode of learning: Online

CourseMea, 19/11/2025

Power BI Hands-on Workshop

Gained practical skills in creating interactive Power BI dashboards and real-world data visualizations.

Mode of learning: Online
